## **Peer2Peer Tutors Donates Supplies to Howard County School.**

*April 1, 2009.* Did you know that teachers spend roughly \$300 per year out-of-pocket on school supplies for their students? Regardless of monies set aside by the state or local school system, teachers inevitably end up picking up the tab when it comes to classroom supplies.

After presenting the idea to Hebron, we surveyed teachers to identify the greatest need. We found that teachers wanted binders, poster board, index cards, highlighters, and pens. Peer2Peer MOM **Ann Connelly** and **Debra Fieldhouse** used their MOM touch to make it happen.

On April 1, 2009, we delivered on our word and brought three BIG boxes of classroom supplies to Hebron. The donation was valued at over \$300, and Principal Ruehl & Catherine (Cat) Chapman accepted our donation warmly. Later this month Peer2Peer MOM Debra Fieldhouse will be presented a Certificate of Appreciation.
