

Free Tutoring Day in Fairfax!

On Tuesday, March 4, 2008, Peer2Peer Tutors held their first Free Tutoring Day at the David R. Pinn Community Center in Fairfax, VA. From 3:30-6:00 PM, students from Bonnie Brae, Terra Centre and other area elementary schools met to work with tutors on homework, study skills, and key concepts from class.

Peer 2 Peer Tutors was started in 2003 by an enterprising senior at Churchill High School in Montgomery County Public Schools, who realized that his years of rigorous classes and studying hard could yield more than good grades. He began Peer2Peer with his classmates who were also excelling in Advanced Placement, realizing that often other students want a tutor to be another real student who has taken the classes and who knows the expectations. Peer2Peer offers in-home tutoring in any elementary, middle or high school subject, employing juniors and seniors in high school as tutors and adult M.O.M.s (Management Operational Mentor) as managers for scheduling and liaisons between tutors and the students requesting assistance. The company now has over 50 tutors and 100 clients in multiple schools throughout the MPCS region, and recently was awarded “Best Tutoring Company in Bethesda”.

In an effort to introduce this outstanding service into the Fairfax County Public Schools, Peer2Peer Tutors is working with local school representatives to spread the word about its ‘students learn best from other students’ concept. Our FCPS tutors stand ready to assist other FCPS students, and are among the best and brightest from Robinson, Langley, and Thomas Jefferson HSST—and with tutors from other schools soon to participate! Peer 2 Peer offers a natural rapport between younger and older students, competitive pricing, flexible scheduling, and responsive service from both adult and tutor managers. Once per semester, Peer2Peer Tutors will hold a Free Tutoring Day at a local school or center as a way to give back to the community. Watch for our next event: or contact us now for more information!
