

## **Peer2Peer Tutors Sponsors Thomas Jefferson HS Math Team**

May 15, 2009. Peer2Peer Tutors is proud to announce their sponsorship of the Thomas Jefferson High School Math Team as they head to the American Regions Mathematics League on May 29<sup>th</sup> and 30<sup>th</sup>. Three teams of 15 students from Thomas Jefferson will be participating in the nation's largest math competition later this month. Peer2Peer's contribution of \$200 will help support the team's participation in the competition. Among the members of the Thomas Jefferson team is high school junior and P2P tutor Jenny Yung.

### ***Background on Peer2Peer Tutors***

Peer2Peer Tutors is a network that utilizes the outstanding academic talents of area juniors and seniors in high school to provide individualized instruction and mentoring to elementary, middle or high school students in all subjects. The company was founded in 2004 by Erik Kimel during his senior year in MCPS, and has already created over 500 jobs for top high school students and served over 750 students in the DC metro area. We are committed to supporting the communities we serve: feel free to contact us at 240-744-2470 or at [www.peer2peertutor.com](http://www.peer2peertutor.com).

### ***Background on American Regions Mathematics League***

With its first competition taking place in 1976, the American Regions Mathematics League (ARML) has held an annual math competition for high school students across the nation. Every year, the competition hosts more than 120 teams, each team consisting of 15 students high school age or low. The ARML provides a wonderful and unique opportunity for students who take an interest in their studies to come together, compete, learn and socialize with fellow students.
