

A Student-to-Student Tutoring Network

Peer2Peer Tutoring in Howard County

Program Background

Founded in 2004, Peer2Peer is a network of top high school students who maintain exemplary academic records and receive rigorous training to provide 1:1, in-home tutoring services for students in K-12 academic subjects and study skills.

Tutors are supported by their Peer2Peer “MOM” - which stands for Management Operational Mentor – and the Peer2Peer MOM is responsible for making all tutor placements, coordinating tutoring schedules, and serving as a resource for tutors. The goal of the program is not only to provide an academic tutor, but also a role model who shares interests as the student.

Howard County Tutoring Specifics

- **1:1 Tutoring** in any K-12 academic subject (*Math, Reading, Science, Social Studies, History, English, Study Skills*)
- Homework coaching and study skills support
- Tutors are **role models** who **come to you!**
- **Affordably priced**, share packages with siblings
- Rigorous screening and training program
- Tutors share similar interests as students

Rates & Sign-Up

Tutoring rates start at \$40 per hour, but do not exceed \$45 per hour for private, in-home tutoring sessions (1:1). To schedule a tutor, please visit www.peer2peertutors.com and complete the “Need a Tutor” registration on our homepage. It takes only a minute, and there is no payment required. Amy Bahel, our Howard County MOM, will then contact you about the right tutor for your child. If you have any questions, feel free to contact Amy directly!
