

## **Tutoring now provided in Wilden Project at Henderson Middle.**

*April 4, 2009.* Peer2Peer Tutors is excited to partner with the Falls Church Education Foundation to launch once per week student-to-student tutoring to the Wilden Project at Mary Ellen Henderson Middle School. The Wilden Project is an after-school program for students in grades 4 through 6 who are at-risk for academic failure. Students who would not otherwise have a computer at home are given a computer and attend the after-school program three days per week. Now, tutoring will also be available to these students free of charge with Peer2Peer Tutors. Initially, the Wilden Project was made possible through community member Bob Wilden's generous contribution to the Falls Church Education Foundation. Since then, other community members and companies have made contributions to continue the effective after school program.

### ***Background on Peer2Peer Tutors***

Peer2Peer Tutors is a network that utilizes the outstanding academic talents of area juniors and seniors in high school to provide individualized instruction and mentoring to elementary, middle or high school students in all subjects. The company was founded in 2004 by Erik Kimel during his senior year in MCPS, and has already created over 500 jobs for top high school students and served over 750 students in the DC metro area. We are committed to supporting the communities we serve: feel free to contact us at 240-744-2470 or at [www.peer2peertutor.com](http://www.peer2peertutor.com).

### ***Background on Falls Church Education Foundation***

The Falls Church Education Foundation is a non-profit, tax-exempt organization established in 2003 to provide supplemental support for the Falls Church City public schools. The FCEF is engaged in a campaign to build a \$10 million permanent Endowment Fund to help ensure that our students are prepared to meet the challenges of the 21st century.
